

2012-2013

Science Foundational Kit Use Workshops for Elementary

12 hours of training to deepen understanding of science learning & teaching using STC Units in the elementary classroom

- Each workshop immerses teachers in a lesson-by-lesson inquiry of the unit while developing an understanding of how science notebooks can support literacy and student understanding.
- Workshops are for teachers new to a district, new to a grade level, and veteran teachers who wish to deepen their skills in kit use.
